Jive Five Winners Talent Scout Show

The Jive Five whose members are: Chuck Elliott, Judy Starling, Roberta Hatton, Neeley Johnson, Charles McCurdy, jived themselves up to the top at the Prince Theatre, Tuesday, in Malcolm Millar's Talent Scout Show. Their applause was deafening and at times one could hardly hear the music, there was such a roar of applause.

Solen and Buddy Harvey tied the show in a knot with their two offerings of "Orange Blossom Special" and "Twelfth Street Rag" with their guitars and fiddle and left with the audience yelling for more. They took second place.

Anita Cowart, with a voice as lovely as her personality came very close to second place. Miss Cowart has a charming voice and a pleasing manner of delivery. With some voice culture and tutoring in expression this young lady could prove interesting to some Hollywood talent scout.

Bernice Pierce offered two numbers. She was not sure of herself in her first offering but rallied on the second and came away with a nice burst of applause.

Bobbie Bently, tap dancer, and Barbara Sheffield, singer, accompanied by Smiley Williamson, presented interesting acts that were well received.

This was the strongest bill of vaudeville that Malcolm Millar has presented at the Prince Theatre this season and the competition was really tough.

Next week is the last week of the elimination contests and the following week brings the Grand Finals. Collins Furniture Company sponsored the show.

Miami Man Goes To Hospital In Pahokee

4-Laning SR80 Plan Backed By Co Board

Palm Beach County Commissioner Paul Rardin on his return Saturday noon from and early morning with Acting Governor Charley Johns and Road Board Chairman Cecil Webb in Palm Beach, stated that construction of a four-lane highway from West Palm Beach to Twenty Mile Bend at the eastern edge of the Lake Okeechobee Farming Region was assured when Chairman Webb said bids would be received Nov. 1 on the first link of the proposed highway. State Road 80 would be fourlaned under the plan to create the new highway, Mr. Webb pointed out.

The first link from Parker Avenue in West Palm Beach to Military Trail at Four Points, a distance of nearly 1½ miles, will constitute the portion on which bids will be sought first, the chairman said. County Commission Chairman Lake Lytal and Vice Chairman Ben Sundry along with Rardin assured the governor and road board head that right-of-way is now available for the first link of construction with the exception of three pieces which will be secured immediately.

State officials assured county officials that start of construction of the four-lane highway would in no way hamper four-laning of U. S. 1 on the east coast of Palm Beach county. That particular project has been earmarked as No. 1 priority in the county for this year's priority. (continued on page 8)

Cinematic Chatter

By Malcolm Millar

Hello everybody! Only a few years ago, Arthur Franz, was forced to wash dishes in a Hollywood restaurant in order to get along between movie jobs. Franz was born in Perth Amboy, N. J., Feb. 29, 1920, the only son of Arthur and Vera Scofield Franz, a prosperous Austrian - English couple who

were in the business of building apartment houses for rental purposes. He grew up in the depression years, going to Woolbridge High School and to Blue Ridge College in Maryland for two years before he went to work as a spear carrier on Broadway. His plays on Broadway, like his early pictures in Hollywood, didn't feature him prominently enough for him to remember them very well; but he did have the Stanley Kowalski role in

"Streetcar Named Desire" for nine months in Australia; and he played at the La Jolla little theatre in "Second Threshold." He made his first picture in Hollywood in 1943, "Jungle Patrol." On September 20th, 1947, before coming to Hollywood, Franz married Adele Longrie, an actress, in Princeton, N. J. They have two children Melissa, four years old, and Gina, who was born just at the time Arthur was given a role in "The Cain Mutiny." Besides being an actor, Franz is a circus enthusiast, and an accomplished photographer, with his own dark room and developing and printing apparatus. He has traveled in Italy (with the Air Force during the war, and certainly not for pleasure) in Australia and over most of the U. S. During the war Franz was first shot down over Yugoslavia, and was smuggled out by Partisans. He had just met his wife who was with the U. S. O. and his buddy informed her he had seen Arthur killed. Two years later they met in New York and were married. The rest you know. See you at the movies—Mal.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
Invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. The program of nuptial music was presented by Miss Arlene Rainieri, vocal soloist, of the bride, and Miss Rose Marie Henderson, pianist.

The bride, given in marriage by her father, wore a crystal taffeta gown of ballerina length. The lace jacket with short sleeves and rolled collar was trimmed with sequins and elbow-length mitts were also of lace, matching the jacket. The shoulderlength veil was attached to a tiara trimmed with orange blossoms. She carried a bouquet of white carnations.

Miss Arlene Batchelor, maid of honor, was the bride's only attendant. She was in an aqua taffeta dress of ballerina length with white accessories and carried a bouquet of yellow carnations.

Jimmy Brown of North Carolina served as Mr. Elrod's best man. Donald Waddell and Elmer Upthegrove were ushers.

At the reception at the home of the bride's parents following the ceremony Mrs. George Rushing and Mrs. J. B. Miller, Jr., of Pahokee and Mrs. Walter Largee of West Palm Beach, all aunts of the bride, served refreshments of punch and portions of the wedding cake. Miss Dorothea Rushing, cousin of the bride, was in charge of the guest book.

After a wedding tour of Florida, Cpl. Elrod will report back for duty at the U. S. Marine Base, Camp Lejeune, N. C., Aug. 8. His bride will join him there later.

Mrs. B. Elliott, who has served as counselor of the senior group of the Pahokee First Methodist Youth Fellowship for the past several years, has resigned as counselor. Rep. and Mrs. B. Elliott and family are spending the summer in Hollywood where they recently purchased a motel and apartment house.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The County Commission this week, in two separate resolutions, ask the State Road Department to immediately begin plans for four-laning State Road 80 west to 20 Mile Bend and also asked that the road be named the John H. Perry highway in memory of the late Florida publisher. A decision to four lane the road—which is the main traffic artery into the Everglades, was reached at a conference last weekend between members of the commission, Acting Gov. Charles Johns and Cecil Webb, SRB chairman.

Both resolutions were introduced by Commissioner Paul Rardin, Canal Point and were given unanimous approval of the entire commission. In the resolution asking improvements of State Road 80, the commission pointed out that this project had been advocated for some time by the commission and that it was needed since the road served as the main artery of traffic into the Glades farmlands.

The commission asked that the project be given top priority by the road department and the first unit—from Parker Avenue in West Palm Beach to Military Trail,—be undertaken this year. Webb said previously that bids on the project would probably be let in November. Commissioner Roy Michael questioned the pushing the State Road 80 project at this time when the board had previously committed itself to give widening of U. S. Highway

One top priority in the county. Both Commission Chairman Lake Loyal and Commissioner Rardin stated that they had been given full assurance to the State Road Board that the State Road 80 project would in no way interfere with the top priority of U. S. 1 which has been given by both the road department and the county.

In the resolution of commemoration, the board noted that John Perry had long been a strong advocate of development of the states natural resources and had always been a strong booster for Florida. The Perry resolution asked that State Road 80 from its junction with State Road A1A in Palm Beach to 20 Mile Bend, be named for the late publisher.

Christian Science Group Of Canal Point

How the individual can find true joy, health, and courage through gaining a spiritual understanding of God will be explained at Christian services Sunday.

Keynoting the Lesson-Sermon entitled "Spirit" is the Golden Text from Galatians (5:22,23): "The fruit of the Spirit is love, joy, peace, longsuffering, gentleness, goodness, faith, meekness, temperance; against such there is no law." The blessings bestowed on man by God, divine Spirit, will also be brought out in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (78: 28-30): "Spirit blesses man, but man cannot 'tell whence it cometh.' By it the sick are healed, the sorrowing are comforted, and the sinning are reformed."

From the Bible, the following passage will be among those read (John 4:24): "God is a Spirit; and they that worship him must worship him in spirit and in truth."

WHICH ONE DO YOU WANT ?

you can have your dream house—this easy way!

A dream? Not at all. Thousands of people with modest incomes have been able to save the down payment, or the whole price, of the home of their dreams—because they invested in U. S. Savings Bonds on the Payroll Savings Plan. Look at the chart on this page. See how you can accumulate enough money for the down payment on a home. Or enough for your children's college education or a retirement income. And by saving only a few dollars a week, too.

The answer is that you save *systematically* on the Payroll Savings Plan. All you have to do is tell your pay office how much you've decided to save each payday (it can be as little as a couple of dollars). After that your money is saved for you, *before* you get your salary. Then each time enough has accumulated, it is invested in a Bond, and the Bond turned over to you.

And remember—your U. S. Savings Bonds now will bring you an average of 3% interest, compounded semiannually, for 19 years and 8 months. That's why the money you put into Bonds now grows to such a surprisingly big sum.

Why don't you start—today? Sign, where you work, for the Payroll Savings Plan. Or, if you're self-employed, have your banker enroll you in the Bond-A-Month Plan. It's as easy as the Payroll Savings Plan:

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save...	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save...	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. You can save any sum you wish, from a couple of dollars a payday up to as much as you want. The important thing is, *start your Plan today!*

mary road construction. Officials at the meeting proposed projection of the road from Twenty-Mile Bend through the raw Everglades in a northwesterly direction to a point on the recently completed State Road 717 half way between Belle Glade and Pahokee. This phase of construction would be a modern two-lane highway, it was pointed out.

At the suggestion of Governor Johns and SRD Chairman Webb the new highway from West Palm Beach to Twenty Mile Bend would be named the John H. Perry Highway in honor of the late John H. Perry, Sr., owner of a string of newspapers in Florida and a former resident of Palm Beach. Webb said he would ask the state legislature to pass a resolution naming the road and Governor Johns said that he would work for passage of the resolution in next spring's legislature.

Commissioner Rardin was highly optimistic over the outlook for completion of the highway within the next few years. "With construction getting under way in the latter part of November," Rardin said, "there is no good reason why fruition of this great plan cannot be realized in the not too distant future. I am deeply grateful to state officials for their splendid cooperation in this matter and I know the citizens of the Glades will receive this wonderful announcement from Governor Johns and Chairman Webb with warm commendation. Especially am I interested in the plan to project another modern highway from Twenty-Mile Bend into the vast agricultural mucklands on the eastern shore of Lake Okeechobee, thus opening up thousands of acres of farm land heretofore inaccessible."

Successful results from increased state advertising has caused the Florida State Chamber of Commerce to urge an increase in the appropriation of the Florida State Advertising Commission to \$2,000,000 annually.

ing problems in cooperation with a similar committee from Belle Glade and the County Commission. Subjects discussed included the proposed breakwater to protect the Pahokee city pier, the cost of erecting two welcome signs on the main highway approaches to the city and the need for more Stop signs at dangerous intersections within the city limits. Councilman Dick Parrish, who was present at the meeting, reported the city has already taken action for obtaining additional Stop signs.

The board voted to act as a coordinating organization for other civic groups in the joint sponsorship of future programs to be held in Pahokee in celebration of Independence Day. Fourth of July fireworks displays at the Pahokee waterfront have been outstanding attractions in the Glades area for the past two consecutive years and it is planned to make these displays, together with other July 4th entertainment, an annual event at Pahokee.

President Leonard Dobrow, who presided, announced he will name a committee at the next meeting of the board, Tuesday, Sept. 7, to nominate a new slate of officers subject to the vote of the entire C of C membership in October.

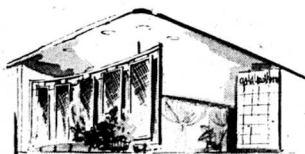

It was also announced that the chamber office at the corner of West Main and Lake Ave., will be closed from Aug. 16 until Aug. 28 while Mrs. Bertha Orr, the office secretary, is absent on her vacation.
